

## ALICIA THE TA! - ARTICLE

**Alicia**, one of our most senior pupils with enough heart to fill a stadium, has been putting that heart to exquisite use over the past few weeks: **PRIMARY**. With the Gallery site being transformed into a **lively** haven for our smallest of kiddiewinks, we've been desperate for young blood to keep up with the sprouts! Lending her **infectious optimism**, whilst gaining valuable work experience, Alicia has been spending a few days a week helping the Meadowcroft family educate our primary pupils as... get this... **a teaching assistant!** That's right folks, the tables have turned. The student has become... **the master**.

**No seriously!**

From the staff down at the Gallery, Alicia has been getting some **rave reviews!** Like a fish to water, Alicia has been in her element tending to the **needs** of our youngest **Meadowcroftians** (it's a new term, I'm trialling it). Nothing short of **caring, compassionate, patient and nurturing...** traits we never doubted one of our oldest Meadowcroftians would have (see, it's becoming a thing).

Keep making us proud, **TA Alicia!**
